MEMBER SPOTLIGHT

Our first feature car of the month is Lonnie and Sharron's 1965 GT Convertible or as Lonnie said "Sharon's car until something needs fixed."

They purchase the car around 30 years ago after Sharron quickly sold the Mustang she had been driving to a guy that asked about it at a gas station. The car is Ivy Green with a black top. It has an "A" code 289 4v engine with an automatic transmission. It has parchment pony interior.

Lonnie and Sharron's Mustang was in the June 2008 flood that hit the area. The water filled the car covering the floor boards several inches deep. Sharron said one of the hardest times after the flood is when they pulled the Mustang from the garage and onto the flat bed truck. Water was still running out of the tail pipes exhaust. After the flood the car received an extensive cleaning, new carpet and upholstery. The car was put back together and ready for the Hope parade in September of 08.

The car has only been out of the garage twice in the past two years but Sharon is retiring on June 1st and plans to enjoy it more.
