MEMBER SPOTLIGHT

This month's spotlight car is Jim Rudicel's 1998 Cobra. Jim's cobra is Black with the 4.6 liter DOHC engine, a five-speed transmission and saddle leather interior. He has owned the car for about 5 ½ years. When Jim bought the car he was not sure if his daughter would like the car. She had always liked Chevys better than Fords but after seeing the car she liked it. She now drives the car about as often as Jim does. Jim has put about 10,000 miles on the car in the time has owned it only driving the car two or three times a month during the warm months. The car is mostly stock with just aftermarket wheels and sequential taillights added.
