MEMBER SPOTLIGHT

Ruthie Boyle's 1964 1/2 Mustang is this month's feature car. The car is a Rangoon Red coupe with black interior. It has a 260 V8 and automatic transmission. Ruthie is the second owner of the car. She paid \$2000 for the car in 1965 at Mahan Ford in Columbus after the original owner traded it in on a station wagon. Over the next 25 years she drove the car daily back and forth to work. Her car got her home several times in ice and snow storms. Many times over the years people told her she should get rid of the old car and get something newer. She told them that she was going to keep the car and drive it in parades. Today the car spends most of the time sitting in her heated garage while her daily driver sits out in the weather. Ruthie doesn't drive the car all that often anymore, mostly just in parades with the club. She enjoys waving at the people that told her she should sell the car all the years she drove it.
