## HMC Thanksgiving

Twenty-two members of the club gathered together to count our blessings, fellowship, and eat our Thanksgiving meal on November 15th at the Villas of Stonecrest Event Center building.

Thank you goes out to President Jim Skalski for arranging for the use of this facility. We had a wonderful meal with Turkey provided by Joyce Artis, and Ham provided by Shirley Bozell, along with many different vegetables and casseroles provided by other club members. Then the desserts were very tasty. Activities Coordinator Dave Sell presented a video summary of our club activities. This video is now available on our website under the Media tab. Our club has a lot to be thankful for!!!

## History:

From the very beginning, this Mustang became more than transportation. It became a companion on a journey of **over 200 car shows**, earning **nearly 200 awards** and covering **70,000 miles** of memories. Despite more than **27,000 Royal Crimson/Ebony Mustangs built**, only twice did it ever face another of its kind in competition — a testament to its rarity and individuality.

But the real treasure wasn't the trophies. It was the people. At every show, enthusiasts gathered, eager to share stories, swap details, and admire the car. Friendships blossomed, fueled by a shared love of Mustangs. Children's eyes lit up when invited to sit behind the wheel — a spark of inspiration for the next generation of car lovers. And through it all, the owner's spirit remained youthful: **82 going on 18!**

**Feature HMC car***Zach Hunter's 1986 Mustang GT***The Build:**

This Mustang isn't stock — it's a carefully curated masterpiece.

- **Carbon Fiber Upgrades:** Hood, chin splitter, canards, side splitters, steering wheel, and interior trim.
- **Performance Enhancements:** Roush cold air induction, upgraded fuel injectors and pump, cat-back exhaust, and exterior body air vents. Dyno tuned, normally aspirated 302 cid to 525 hp X 525 fpt @ rear axle. 6 speed manual transmission.
- **Race-Ready Interior:** OEM seats replaced with Carbeau racing seats and harnesses.
- **Aerodynamics & Style:** GT350 rear deck spoiler for aggressive flair. Rear, wide air diffuser.
- **Wheels and Tires:** 9.5" X 20" and 11" X 20" Nitto Tires mounted on staggered Apex Racing wheels.
- **Lighting Effects:** Advanced safety and signal lighting. Interior red led accent lighting. 11 million color led underglo carriage lights. 2025 led 3 lens projection headlamps.

Every modification reflects a balance of performance, aesthetics, and individuality — a build that commands attention both on the street and at the show!

**Current:**

Today, this Royal Crimson GT continues to shine as a **rolling ambassador of Mustang culture**. It's not about chasing awards — those are just icing on the cake. It's about the community, the friendships, the stories shared, and the joy of inspiring others.

As a proud member of the **Hoosier Mustang Club, Mustang Club of America, Ford Special Vehicle Registry, and the Red Mustang Registry**, this car represents more than horsepower. It represents heritage, camaraderie, and passion.

And with every mile, every handshake, every child's smile behind the wheel, the story grows richer. This Mustang isn't just a car — it's a legacy in motion!
